

**BASICS OF APOLOGETICS: WHAT IS THE BIBLE?
WORKSHEET**

SECTION I | Notes

- A. How many books does the Bible have?

- B. How many ancient copies of manuscripts of the New Testament are there?

- C. What is the next most abundant book of ancient copies (and second most accurate book) and how many?

- D. How is Homer's Eliad and The Bible different in accuracy?

- E. What is the chance of variance in the Eliad vs The Bible? And what variance does it pertain to?

- F. What evidence has been found that supports the lack of variance?

- G. What is unique about the Bible's unity?

SECTION II | Critical Thinking

A. (Pause the video) Why might someone believe The Bible is fake or inaccurate? List out all the reasons someone may not believe in it. Use reverse thought processing for this.

B. Develop a position in detail debunking this opposing view: 'The Bible is inaccurate and fake because there is variance in The Bible.'

3 | **BASICS OF APOLOGETICS: WHAT IS THE BIBLE?** | WORKSHEET

C. What are the 11 sections of the Bible? Fill in 2-3 points of detail that could be important when reading, describing or teaching about The Bible.

1. _____

a. What was it before God created time?

2. _____

3. _____

a. What does the law expose to man?

b. What do the sacrifices symbolize?

4. _____

a. What does the history contain?

5. _____

6. _____

7. _____

8. _____

9. _____

a. What does Paul primarily teach in his letters?

10. _____

11. _____

- D. Explain God's purpose for man and His promise. Why is this significant?
- E. Create a real-life conversation with a nonbeliever describing The Bible using the 11 sections of The Bible in a way that would help them understand how The Bible is true and accurate, how the content in it lays out the fall of man, our need for a savior and how one would give their life to Christ. Tie in the above question.
