SAVE \$100 Apply before September 30, 2023

The E4F Marine Biology Adventure is one of the few **Christian & Creation-based programs** in the US. It is a **hands-on introductory course in Marine Biology** in the Florida Keys. Every day is spent visiting different habitats, studying specimens, and participating in lectures. All work is done in a small group setting. Students also spend time in worship and Bible study to learn about their faith and God. This class is a lot of fun and a lot of work! **This course is a great option for homeschool students needing a lab credit.** All students aged 14+ are encouraged to apply (including college students and adult learners!). *See terms and conditions at evidence4faith.org/marine-biology. Cost does not include your flight to and from Miami Airport.*

ABOUT E4F: E4F is a Christian apologetics ministry founded in 2021 on a mission to equip Christians with the knowledge, tools, and experiences to defend their faith in everyday life. You can find out more by visiting evidence4faith.org
