Live Intentionally

Happy 2024! As the crazy stressfulness of the holiday season settles and we get back into our regular routines, I hope you took time to ponder the birth of our Lord and all His wonders. As we begin a new year, I pray that we will strive to live intentionally and make the most of the doors God opens for us to engage in conversation and advance the gospel. (Colossians 4:5-6) May His Word dwell in us richly. (Colossians 3:16) John MacArthur's commentary explains it – "Scripture should permeate every aspect of a believer's life and control every thought, word, and deed."

December was a quiet month, with no live events. We were able to get a decent amount of filming done and Charlotte is diligently editing those courses so they can be published. The first of a four-part series on The Exodus is completed and available as a video and podcast. In this one on the Pharaoh of the Exodus, I provide evidence to reveal who the Pharaoh most likely was during this time. So far, the shorts (less than a minute) on part one have been viewed by over 5K, the clips (10-15 minutes) more than 1K, and the full-length video has had over 600 views. Anything on the Exodus and Egyptology seems to attract those searching for the truthfulness of the Bible and archaeology. Pray that this will be a gateway for non-believers.

PEP

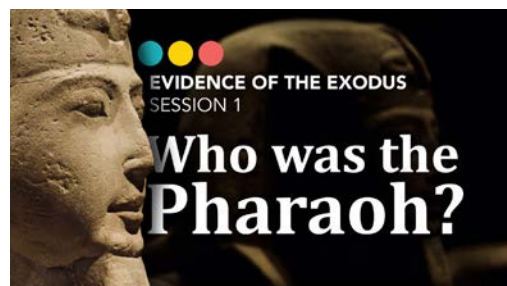

Your powerful effective prayers were answered, PTL! My neck pain is mostly gone; however, I am still experiencing pain in my arm. The MRI revealed the issue is a couple of bone spurs pressing on my spinal cord. The current plan is steroid injections, but I can't get in until January 22nd. I am very grateful that surgery is not necessary at this time! We also have a lead on a possible vehicle for E4F. **Please continue to pray!**
