## Religion Debates

This month I had the opportunity to be a guest at Kettlebrook's youth groups, Ignite and Torch. They were debating three different religions – Muslim, Hinduism, and Mormonism (Latter Day Saints). I was asked to represent Mormonism, there were two other Christian guests representing Muslim and Hinduism. After trying to convince the students that “our” religion was the right one, we were given the chance to present truths that these beliefs are not in line with Scripture. Much to our surprise, the students showed the most interest in Mormonism. It was a thought-provoking evening that was designed to help these teens strengthen their faith in true Christianity.

New content is being published. The ten-part series on the Basics of Christian Living is complete and the first two parts of Evidence for the Exodus are available. Many subscribers and followers enjoyed the series on the different Bible translations. Charlotte is designing the layout for a reference booklet I wrote that will include the information presented in this series. She is getting very close to finishing. We will let you know when and where it is available for purchase. Because of the new content published in January we added 304 subscribers to YouTube, went from 120 daily average views to 600, had 209 unique listeners to the podcasts and 406 episodes downloaded. The best performing videos are anything to do with archaeology. The top two podcast series are Basics of Apologetics and Keep the Fires Burning, which too will be in book form for purchase soon.

## Pray with boldness

On January 22nd I had steroid injections in my neck. The pain, numbness, and discomfort in my arm **is gone!** The pain in my neck is still very minimal. Pray that the effects of these injections will be **long lasting!** We have a second lead on a possible **vehicle for our ministry**, neither one has been confirmed yet. Pray that we hear something soon. We have another vehicle need for our Marine Biology trip. We are looking to **borrow/rent a vehicle** to tow a trailer full of food and supplies to the Florida Keys. If you know of one, please contact us. God expects us to pray boldly and ask for things only He can do. We have been praying for 25 students so we can have a full trip this year for Marine Bio, we currently have 19 (Just got 3 more this past week.). It would definitely be a God-thing to get **six more** students by the end of the month. Please pray with us!!

## Keep Us in Your Prayers

Please continue to pray for us as we bring the Truth to this broken world:

- Praise God for relief in Michael's pain! Pray for lasting results after the injections.
- We are grateful for the **108** individuals who supported our ministry in 2023, either monthly or one time. **Thank you for giving to the Lord's work!**
- Praise God for the increase in subscribers and listeners.
- Pray that Charlotte will be productive with her time since she has a lot on her plate.
- Pray that the new series on The Exodus will have a huge impact!
- Pray for new opportunities. Maybe you know someone who would be interested in booking an event.
- **Pray for more funding and monthly donors** to help us reach our monthly goal of \$12,500 to cover salaries and operating expenses! **We currently are at 82%**. Please consider partnering with us.
- Pray for 6 more students and all the details for the Marine Biology trip.
- Pray that God would provide the vehicles we need.

**Thank you for your prayers! Live intentionally in 2024!**
