My help comes from the Lord

In January, God abundantly blessed us with many opportunities for eternal impact! There were times I questioned whether I would get through it all, especially when I started the year with a bad head cold. **But God** proved faithful once again by providing the strength and stamina to do what He called me to do. Praise God!

I spoke to two RUSH youth groups from Crossroads Churches in Sheboygan (over 500 students in attendance) and Manitowoc using science and archaeology to show the Bible is accurate and reliable. I also was able to share with Kettlebrook's (West Bend) two youth groups, Ignite and Torch, about Creation vs Evolution to close out their study of creation. I spent the weekend with the youth group from Walnut Hill Bible Church (Baraboo) at Forrest Springs Camp & Conference Center. I led four sessions on discipleship, teaching what it means to walk close with God. The Creation Science Society of Milwaukee (CSSM) invited me to hold a half-day seminar with two sessions on the Mosaic Health Code and nutrition. (These can be found on our website under **Science & the Bible**.) Denise and I attend a small group that is about to begin a study on the gospel of John. As an introduction, I was able to point out the reasons there are four gospels and how John is laid out based on the structure and function of the Tabernacle. There was so much remarkable feedback! **To God be the glory!!**
