

Blessed to Serve!

What a productive and busy month here at Evidence 4 Faith! I had a total of **7 speaking engagements this month** along with releasing our regular content of videos and podcasts. I feel very blessed to be able to serve the Lord with the gifts and talents He has given me.

At the beginning of the month, I spoke at Faith Free Evangelical Church in Woodruff to their senior group on the *Archaeology of the Book of Daniel* and, also, to their preteen ministry on *Archaeology Showing God's Word is True*. Even though the kids were only upper elementary age, they remained focused for the whole hour! The following week, I spoke at West Bend Community Church's youth group on *Messianic Prophecies Fulfilled by Jesus*, and two days after that, I was headed back up north to the Iron River area for a very busy weekend of speaking. I started with speaking to a homeschool co-op of ages from 5k to high school on *Evidence of God Through the Microscope*. Then I was asked to speak on *Biblical Archaeology* to Bethany Baptist Church on Saturday and to Cloverland Baptist Church on Sunday.

My wife and I were also very blessed to have such great hosts who opened their house for us, as we had to extend our visit due to the major blizzard that impacted the entire state of Wisconsin.

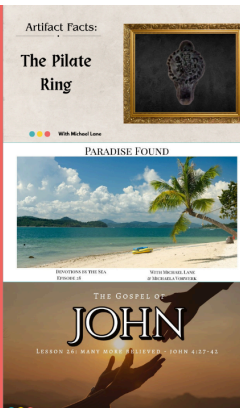

My final speaking engagement for the month was just a few days ago when I spoke on *Science and the Bible* at Kairos, a young adult ministry that gathers in the Milwaukee area.

The feedback at each event was very encouraging and I am blessed that God chooses me to do His work! Here is one comment out of many I received: "What you spoke on, touched people. I want to encourage you that the Lord truly used you as His vessel, as some people expressed they could never fully surrender because of the 'science' aspect."

Consider Booking Us for Your Event!

March was a busy month of speaking, but I am now looking at filling more dates for late spring and summer. Visit our website if you are interested in having me come speak at your event or church!

Marine Bio - Days Away!

The 2026 Marine Biology Trip begins on April 9th!

Please pray for safe travels for all the staff and students; that their flights will stay on schedule and that everything will run smoothly! We are asking God for beautiful weather and calm seas so we can fully enjoy His creation! Also, pray that God will open the hearts and minds of these youth to receive what the Spirit wants to impress on them and that strong bonds would form. Often, we have had students accept Jesus as their Lord and Savior on these trips!

You can stay up to date with everything that we are doing down in the Keys by following us on social media and, also, by tuning into our **Captain's Log** that will be posted on our website.

Sign Up for Israel Extended!

I am sure you have heard of the unrest that is once again taking place in Israel and Iran. Because of this, we have decided to extend our sign up to April 30th. Digs are still continuing to run as scheduled in Israel despite the unrest in some areas. Please know that on this trip, you will only be taken to safe locations!

Support

At the end of this month, we will have reached the end of our fiscal year. **Our goal that we have been working towards is to raise \$12,500 per month for a total of \$150,000 for the year. This goal includes salaries for the E4F Ministry Team, general business expenses, as well as costs for digital tools to create our free online resources. I am happy to say that we are currently 88% fully funded and that is all thanks to you!**

Please prayerfully consider if you would be willing and able to help us to reach that last 12% so we can end our fiscal year being fully funded. We have yet to achieve that goal in the 5 years we have been in ministry. May this be the year we reach it!

Keep us in your prayers!

“Ask and it will be given to you; seek and you will find; knock, and it will be opened to you.”

Matthew 7:7 ESV
